National Association of State Park Directors

Annual Information Exchange

1986

FOREWORD

For the eighth consecutive year, the National Association of State Park Directors has compiled an Annual Information Exchange that provides information on state park systems throughout the United States. The data for the report was obtained through a questionnaire that was distributed by the National Association of State Park Directors. The questionnaire was completed by all 50 state park agencies that administer parks, recreation areas, historic sites, and related facilities. With few exceptions, the reporting period covered by the questionnaire is July 1, 1984 to June 30, 1985. The Division of State Parks, Indiana Department of Natural Resources, was responsible for the preparation of this document. Printing services were provided by the National Park Service, Denver Service Center.

The report does not attempt to identify cause and affect relationships, nor does it provide an analysis of the data. It is a report that provides information in as straightforward a manner as possible covering visitation, expenditures, income, and the status of various state park systems throughout the nation.

It is important to note that state park agencies administer a wide variety of lands. In some states the park agency has under its control forests, fish and wildlife areas, as well as other related facilities. In other states only state parks are under the state park system. The questionnaire was sent to each state park director who identified those lands under his or her jurisdiction, thus some states would show fish and wildlife and forest lands, as well as historic sites, while other states would not show them and they would be found under a separate agency of that state's government.

1. INVENTORY

(1) State Parks includes: state parks only.

(2) State Forests includes: state forests, state forest picnic areas, state forest recreation areas, state forest monuments, recreational forests.

(3) State Natural Areas includes: rustic parks, conservation areas, state wilderness parks, state reserves, state nature preserves, state reservations, natural parks, state preservation areas, natural resource management areas, natural preserves, natural areas, historic sites, state natural areas, geological sites.

(4) State Recreation Areas includes: state recreation areas, recreational parks, state vehicular recreation areas, recreation parks, day use parks, state waysides, roadside parks, state wayside campgrounds, resort parks, vacation parks.

(5) State Historic Sites includes: state historic sites, state historical parks, state shrines, state historic structures, state historic monuments, historic units, state commemorative areas, state park historic site combination, burial grounds, historical-memorial parks, battle sites, petroglyph sites.

(6) Water Use Areas includes: lakeside use areas, state fishing piers, ocean beach access, launch areas, state beaches, state fishing access sites, state marinas, wilderness waterways, state rivers, state lakes, scenic waterways, scenic rivers, recreation waterways, state park riverways, recreation piers, underwater parks, freshwater parks, Willamette River park corridor.

VI. PERSONNEL - B. Salaries

(1) Field Unit Employee (Park Ranger) - the entry-level park employee with broad contact, interpretive, and facility maintenance duties.

(2) Field Unit Manager (Park Superintendent/Manager) - the senior on-site employee who manages the park and supervises subordinate park ranger or other classes.

(3) Field Supervisor (District Manager/Supervisor) - the employee with responsibility for overseeing the operation of a number of parks in a given region or part of the state.

(4) Operations Chief (Central Office Line Supervisor) - the one employee in the central office whose principal task is the day-to-day direction of park system operations; normally the position to which field units report and which, in turn, reports to the director of the parks agency.

(5) State Parks Director - head of state park system overseeing all other personnel.

National

Association

of State Park Directors

Annual

Information

Exchange 1987

January

FOREWORD

For the ninth consecutive year, the National Association of State Park Directors has compiled an Annual Information Exchange that provides information on state park systems throughout the United States. The data for the report was obtained through a questionnaire that was distributed by the National Association of State Park Directors. The questionnaire was completed by all 50 state park agencies that administer parks, recreation areas, historic sites, and related facilities. With few exceptions, the reporting period covered by the questionnaire is July 1, 1985 to June 30, 1986. The Comprehensive Planning Branch of the Texas Parks and Wildlife Department was responsible for the preparation of this document. Printing services were provided by the National Park Service, Denver Service Center.

The report does not attempt to identify cause and effect relationships, nor does it provide an analysis of the data. It is a report that provides information in as straight forward a manner as possible covering visitation, expenditures, income, and the status of various state park systems throughout the nation.

It is important to note that state park agencies administer a wide variety of lands. In some states the park agency has under its control forests, fish and wildlife areas, as well as other related facilities. In other states only state parks are under the state park system. The questionnaire was sent to each state park director who identified those lands under his or her jurisdiction, thus some states would show fish and wildlife and forest lands, as well as historic sites, while other states would not show them and they would be found under a separate agency of that state's government.

VI. PERSONNEL - B. Salaries

(1) Field Unit Employee (Park Ranger) - the entry-level park employee with broad contact, interpretive, and facility maintenance duties.

(2) Field Unit Manager (Park Superintendent/Manager) - the senior on-site employee who manages the park and supervises subordinate park ranger or other classes.

(3) Field Supervisor (District Manager/Supervisor) - the employee with responsibility for overseeing the operation of a number of parks in a given region or part of the state.

(4) Operations Chief (Central Office Line Supervisor) - the one employee in the central office whose principal task is the day-to-day direction of park system operations; normally the position to which field units report and which, in turn, reports to the director of the parks agency.

(5) State Parks Director - head of state park system overseeing all other personnel.
